
QUALITY POLICY

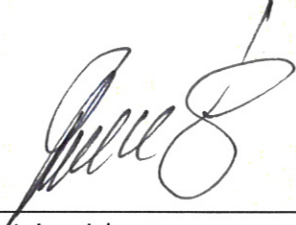

Badenport Constructions is a West Australian owned and operated company, which focuses upon the supply and delivery of construction solutions on time, within budget, and in accordance with the specifications.

Badenport Constructions has developed expertise in supply and delivery of construction solutions with special emphasis upon providing effective projects on behalf of private customers, commercial and business interests, Australian and State Government Departments and agencies, and Local Authorities.

The primary objective of Badenport Constructions is to deliver on time cost-effective solutions and a level of service that meets the diverse needs and expectations of their customers.

Executive Management recognises that a complete commitment to Quality throughout its operations is the key to meeting this objective and, with the cooperation of all employees and sub-contractors, has established a comprehensive Quality Management System.

Badenport Construction also recognises the importance of continuing research, education and continual improvement to the Quality Management System, and commits the entire organisation to consistently meeting the requirements of AS/NZS ISO 9001.
